Cellular or Alternate Phone Number

From time to time parents ask for phone numbers of their child's friends for play dates and birthday parties. It is Milestones policy not to release personal information unless given approval to do so. Milestones is using this form as that approval. Any information filled out will be made available in our school directory, but **WILL NOT** be published. This directory will be located behind the office counter and will be used by Milestones staff to give requesting parents information that you want to have available.

This is not mandatory! Please return this form only if you want your information in the school directory. Only fill in areas that you are comfortable with providing in the directory.
